

Your Fiduciary Duty

- New pricing transparency and enhanced fiduciary obligations require additional safeguards to meet your responsibilities – don't be lulled into complacency.
- You are the fiduciary. Only conflict-free continual monitoring can ensure you fully understand your benefits and are managing your organization's risk while providing valuable healthcare at reasonable costs.

Unleash Your Healthcare Data

- Plan sponsors are eager to directly measure the quality and value of their health benefits.
- 4C Digital Health is an independent, transparency partner that will give you unprecedented control and insight to manage the benefits of your employees and their families without any conflicts of interest.
- 4C's robust data infrastructure and suite of solutions helps you take control of your data to lower healthcare costs.

Learn how 4C Digital Health can help you leverage your data and manage risk by giving you real access, true insights and actual control, including:

- Ongoing Claims Management
- Financial & Operational Controls
- Utilization & Spend Analysis
- Benchmark Pricing
